4. NEW BUSINESS:

A. Pedestrian Safety Enhancement on Santa Monica Blvd at Robertson

Staff report by Hany Demitri and Dave Roseman

The Commission asked about potential car/pedestrian conflicts.

The Commission questioned issues with the consistency of the movements allowed at night versus posted daytime hour regulations and the possibility of causing confusion for drivers.

The Commission brought up issues with shared ride services causing congestion and whether these enhancements could encourage bad behavior by both pedestrians and drivers.

Dave Roseman replied that geo fencing through the app would help with that issue.

ACTION: Recommend to the City Council the immediate implementation of the proposed improvements contained in the study.

Motion by Warren seconded by Doebler

All Aye
