CPA CLEAN POWER ALLIANCE
Locally powered energy innovation.

City of West Hollywood California 1984

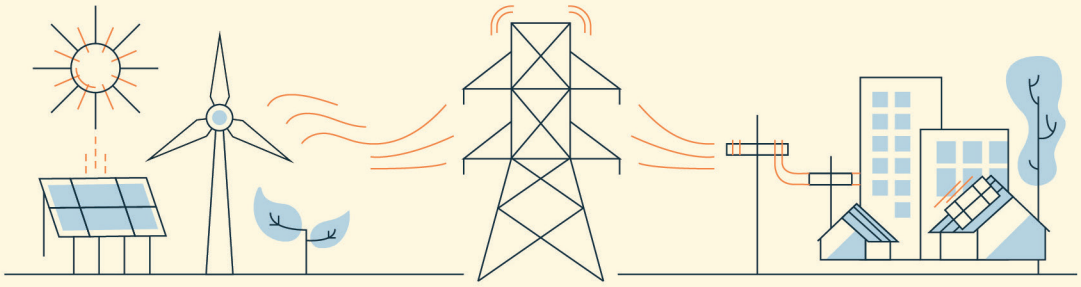
The City of West Hollywood is proud to be a member of Clean Power Alliance!

Residents and businesses within our community will soon enjoy the advantages of clean, renewable power at competitive rates.

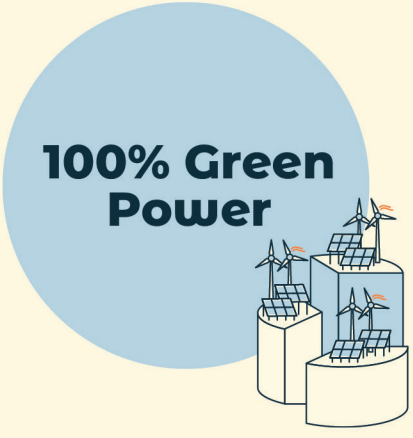
How does it work?

Starting February 1, 2019, you will be automatically enrolled in **100% Green Power** which provides 100% renewable energy content and gives you the opportunity to be an environmental champion, leading the way to a greener future. Customers enrolled in discount programs such as CARE, FERA or Medical Baseline in 100% Green Power **will not be charged higher rates** than they would pay to Southern California Edison (SCE), and therefore will be participating in the green economy at **no additional cost**.

Clean Power Alliance purchases clean power and Southern California Edison (SCE) delivers it. **Nothing else changes**—SCE will continue to deliver power to your home, send just one bill, be responsible for resolving any issues with your electricity service, and qualified customers will continue to have access to financial assistance, rebates, and incentives.



source	delivery	customer
Clean Power Alliance buying electricity supply	**SCE** delivering energy, maintaining lines, billing customers	**You** benefit from competitive rates, local control, and cleaner energy



The choice is yours!

You can change your service at any time by selecting one of Clean Power Alliance's other two rate options: Clean Power, which provides 50% renewable energy content and the opportunity to support building a cleaner future at cost-competitive rates, and Lean Power, which provides 36% renewable energy content at the lowest possible cost.

To learn more or to change your rate, visit cleanpoweralliance.org or contact us at 888-585-3788 (TTY 323-214-1296). Our call center speaks 26 languages for customers requiring assistance.

What changes and what stays the same?

Stays the same
SCE delivery & grid reliability
SCE billing
SCE account services
SCE rebates & incentives
Call SCE to start or stop service
Receive one bill each month

New
Competitive pricing
Choice of energy providers
Higher renewable content
Lower greenhouse gas emissions
Local management & control
Shape future incentives & programs
