The City of West Hollywood through its Arts Division requests proposals from artists, musicians and performers for temporary art interventions for an exhibition called #ArtfulDistancing. Proposed artworks may be visual, musical, performance-based, or streetscape/mural art. Proposals should be low impact and able to be installed/performed by the applicant without assistance from others while taking into consideration the current health and safety guidelines from the Los Angeles County Department of Public Health.

#ArtfulDistancing is an initiative that will infuse funding to our arts economy through temporary art interventions. Artists are invited to propose non-traditional artwork, experiences, and performances in the City of West Hollywood with the goal of helping neighbors stay connected, help people reconnect, recover and adjust to new social distancing conditions.

ELIGIBILITY: Artists working in any media (music, performance, visual art, etc.) living in Los Angeles County. Artists who live in the City of West Hollywood are especially encouraged to apply. Public exhibition experience is not required.

BUDGET: Proposals should be all-inclusive and not exceed \$599. Proposed projects for this initiative should not require additional funding.
