

REPORT TO CITY COUNCIL
SANTA MONICA BOULEVARD MAINTENANCE DISTRICT
CITY OF WEST HOLLYWOOD

LEVY OF ASSESSMENT

FISCAL YEAR 2023-2024

May 15, 2023

INTRODUCTION

Within the City of West Hollywood, Santa Monica Boulevard is a commercial corridor which is approximately three miles in length. In 1998 the City Council of the City of West Hollywood, in compliance with the requirements of Article 4 of Chapter 1 of the Landscaping and Lighting Act of 1972 (Streets and Highways Code Sections 22500 *et seq.*) and Section 4 of Article XIII D of the California Constitution, completed proceedings for the formation of an assessment district to fund certain improvements of benefit to the properties within the district, which is known as the "SANTA MONICA BOULEVARD MAINTENANCE DISTRICT" (hereinafter referred to as the "District"). Initially, only the property owners in Zone 1 (western portion) and Zone 3 (eastern portion) of Santa Monica Boulevard voted for inclusion in the District. In December 2004 the property owners of Zone 2 voted to be included in this district; Zone 2 is between Zones 1 and 3 as shown on the Assessment Diagram.

The City levies an annual charge on the property tax bills for parcels within the District. The purpose of this report is to describe the annual assessment for the 2023-2024. Fiscal Year pursuant to the provisions of the Landscaping and Lighting Act of 1972.

BOUNDARIES OF DISTRICT

The boundaries of the District are shown on a map titled *Assessment Diagram, Santa Monica Boulevard Maintenance District, City of West Hollywood*, which is on file with the City Clerk of the City of West Hollywood and the Department of Public Works and incorporated herein by reference. In anticipation of a future situation where certain areas within the District may receive differing degrees of benefit from certain improvements that may be added in future years, areas of benefit have been established.

The boundaries of Zones 1, 2 and 3, are shown on the Assessment Diagram. A copy of the Assessment Diagram, in reduced scale format, is attached as Exhibit A. For details of the lines and dimensions of the parcels within the District, reference is made to the Los Angeles County Assessor's Assessor Parcel Maps.

ASSESSMENT ROLL

All lots and parcels of real property affected are listed on the Assessment Roll which is attached as Exhibit B. The lots and parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the Los Angeles County Assessor. Such maps are made a part of this report by reference.

IMPROVEMENTS

Improvements to be provided by the District to properties in Zones 1, 2, and 3 are generally described as follows:

The installation, maintenance, operation, and servicing of ornamental structures and facilities including holiday decorations, banners, flags, lights in street trees and appurtenances and the installation, maintenance, and operation of sidewalks, bus benches and trash receptacles, located along Santa Monica Boulevard from the West City Limit at North Doheny Drive to the West Hollywood city limit east of North La Brea Avenue.

The holiday decorations consist of a combination of banners, flags, and street tree lights. These items are designed and installed to create a uniform appearance throughout the District.

PLANS AND SPECIFICATIONS

Plans and specifications for the improvements to be installed, maintained, operated, and serviced through this District are on file in the office of the City Clerk of the City of West Hollywood and are incorporated herein by reference.

ASSESSMENTS BASED ON FRONT FOOTAGE

All parcels included in the District front Santa Monica Boulevard from the West City Limit at North Doheny Drive to the West Hollywood city limit east of North La Brea Avenue. Since the front of the parcels within each zone face Santa Monica Boulevard, each parcel benefits proportionally to the length of the parcel fronting the improvements along Santa Monica Boulevard. Therefore, it is appropriate that parcels in the District be assessed on the basis of linear front footage.

ANNUAL INCREASES

The Proposition 218 public hearings approved by a majority vote of the property owners of Zone 1 and 3 in 1998 and Zone 2 in December 2004, allows the front footage factor to be increased annually by the annual increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers in the Los Angeles-Riverside-Orange County Area, including all items, as published by the US Bureau of Labor Statistics as of March 1 of each year, not to exceed seven percent (7%) per year (CPI-LA). Increases not made may be combined with a future year's increase if needed to fund improvements. For the fiscal year starting July 1, 2023, the CPI-LA

rate is 5.4281%..

The assessment rate of \$ 8.85 per front foot for fiscal year 2023-2024 is shown in the budget below.

	ESU	PRIOR YEAR ANNUAL CHARGE (2022-2023) (Per Unit)	PROPOSED ANNUAL CHARGE (2023-2024) (Per Unit)	AMOUNT OF PROPOSED ANNUAL INCREASE (Per Front Footage)
Front Footage	1.0	\$ 8.39	\$ 8.85	\$ 0.46

The budget is shown below.

BUDGET FOR 2023-2024

The estimated cost (rounded) of the installation, maintenance, operation, and servicing of improvements that were approved by the property owners are shown below:

2022-2023 Budget	Zone 1	Zone 2	Zone 3	TOTAL
Assessment per front foot	\$ 8.85	\$ 8.85	\$ 8.85	
Zone front feet	10,444	4, 4,215	11,040	25,699
Holiday Decorations	\$ 81,279	\$ 32,803	\$ 85,918	\$ 200,000
Utility Cost	\$ 1,626	\$ 656	\$ 1,718	\$ 4,000
Professional Services	\$,1,219	\$ 492	\$ 1,289	\$ 3,000
Street Light Pole Equipment Repairs, Maintenance, and Upgrades	\$ 8,128	\$ 3,280	\$ 8,592	\$ 20,000
Total Budget	\$ 92,252	\$ 37,231	\$ 97,517	\$ 227,000
Transfer to Reserves	\$ 177	\$ 72	\$ 187	\$ 436
Total Assessment	\$ 92,431	\$ 37,299	\$ 97,703	\$ 227,433

The City plans to draw down on the Reserve to update and improve the holiday decorations, as needed, on a periodic basis.

The Assessment per front foot rate is \$8.85, a \$ 0.46 or 5.428% increase from fiscal year 2023-2024.

METHOD OF APPORTIONMENT OF ASSESSMENT

The 1972 Act provides that assessments may be apportioned by any formula or method which fairly distributes costs among all assessable lots or parcels within the District in proportion to the estimated benefits to be received by each such lot or parcel. The 1972 Act also permits the classification of various areas within the district into different zones where, by reason of the variation in the nature, location, or extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit.

Proposition 218 which was approved by the voters of the State of California on November 5, 1996 contains additional requirements for the levy of benefit assessments. Procedures for assessments are contained in Section 4 of Article XIII D of the California Constitution as added by Proposition 218 and include the following:

1. All parcels which will have a special benefit conferred upon them and which will be assessed must be identified.
2. The proportionate special benefit derived by each parcel in relationship to the entire capital cost of a public improvement or the maintenance and operation expenses of a public improvement must be determined.
3. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.
4. Only special benefits are assessable. The agency must separate general benefits from special benefits.
5. Publicly owned parcels are not exempt from assessment unless it is shown that such parcels receive no special benefit.
6. The detailed report supporting the assessments must be prepared by a registered professional engineer certified by the State of California.

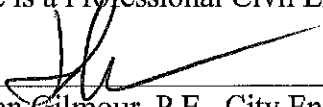

We conclude that the Santa Monica Boulevard Maintenance District as described in this report is permitted under Prop 218 as it satisfies the six conditions as follows:

1. Zones 1, 2, and 3 represent those parcels within the boundary of the District receiving special benefit from the maintenance, servicing, operation, and installation of improvements along Santa Monica Boulevard.

2. Proper maintenance, operation, and servicing of the improvements are beneficial to adjacent properties and make such properties more desirable. Similarly, the improvements serve to create a more pleasant environment for motorists and pedestrians visiting such properties. Proper maintenance, operation, and servicing of the improvements significantly enhance the desirability of the properties adjacent to the improvements.
3. Rates are based on the services attributed to each parcel. The services are directly reflective of the proportional amount of linear street frontage along Santa Monica Boulevard. This means that properties with larger frontages pay a proportionally higher assessment than parcels with smaller frontages.
4. The City provides a consistent level of services within the City. The proposed improvements to be provided to the properties fronting Santa Monica Boulevard are not provided in other areas of the City. Therefore, the proposed improvements are a special benefit to the parcels in the District. Because the proposed improvements are located immediately adjacent to properties within the District and are provided solely for the benefit of these properties, any benefit received by properties outside of the District or by the public at large is merely incidental. Nonetheless, the City has agreed to contribute staff time and incidental expenses to administer the District to ensure that no property is assessed in excess of the reasonable cost of the proportional special benefit conferred on that property. Based on this analysis, we identify no general benefit from these improvements.
5. There are several parcels within the District that are owned and operated by local governmental agencies, such as the MTA station near San Vicente, a fire station, and Plummer Park. With the exception of Plummer Park, these parcels receive the same special benefits as other parcels along Santa Monica Boulevard. Plummer Park does not receive special benefits because, as a park, it is one of the amenities (infrastructure) provided by the City to the community. Plummer Park does not front onto Santa Monica Boulevard the way the other parcels subject to the assessment do and thus, this parcel does not receive the same benefit as those parcels. Plummer Park has an ingress and egress on Santa Monica Boulevard, however the park activities are inside the park and do not face or utilize Santa Monica Boulevard. By analogy, we would have to find that the streets receive a special benefit from the improvements in order to find that a park receives a special benefit. Therefore, the government owned parcels listed above, with the exception of the park, will be assessed.
6. The detailed report supporting the assessments has been prepared by a registered Professional Civil Engineer certified by the State of California

CERTIFICATES

The undersigned submits this report as directed by the City Council and certifies that she is a Professional Civil Engineer, registered in the State of California.
