Subject: 8969 Santa Monica Blvd - Open Drug Consumption/Camping

Hello City and Sheriff Family,

Our Robertson/SMB businesses are suffering with regular, open drug consumption in the Pavilions Grocery (8969 SMB) covered alcove right behind the bus shelter on the Boulevard. Photos from regular instances of this over the last months attached.

When our team has pointed these instances out to the BBB Ambassadors at the SMB/Robertson kiosk -- very near this location -- we have been told to contact LASD directly. When the ambassador kiosk is closed, and while we repeatedly call these instances in to the Sheriff, I can guess we all want to find a better solution for this attractive nuisance that does not repeatedly encumber our first responders.

May we please request (1) this area receive more regular visits from LASD or the Ambassadors so folks learn it is not a good spot to consume/camp and (2) we find a constructive way to engage the Pavilions Grocery to get them to regularly clean and maybe re-design that space to be less welcoming to public drug consumption? The on-duty daytime managers at this store have not been responsive to prior requests for action.

With thanks for your attention and guidance,
Jake
