Good evening commissioners,

I am Joseph Green; a resident of the city of West Hollywood, member of the Disabilities Advisory Board and liaison to this Commission. I am at a Red Cross meeting this evening otherwise I would be there in person.

The Disabilities Advisory Board meets the fourth Wednesday of each month at 6 PM in Plummer Park / rooms five and six = next Wednesday.

We host our annual health and wellness fair in Plummer Park as well as a televised awards ceremony in the fall.

And finally, on a personal note: I had the opportunity to review tonight's agenda and accompanying materials and am in support of the staff's recommended placement of bike storage lockers throughout the city.

Have a great meeting!

Joseph Green
Resident of Wet Hollywood
DAB Liaison
