**STATEMENT ON THE SUBJECT:**

**RECOMMENDATION:**

Review, discuss and approve 2026 Work Plan.

**BACKGROUND ANALYSIS:**

The Office of the City Clerk requires each Advisory Board to submit a detailed one-year work plan with clear objectives.

The Disabilities Advisory Board develops an annual Work Plan to provide structure and direction for its advisory role to the City Council and City departments on issues affecting people with disabilities. The Work Plan serves as a planning tool to align Board agendas, presentations, and outreach with City priorities and community needs.

The 2026 Work Plan builds on the Board's activities and discussions from 2025 and reflects both continuing areas of responsibility and new and emerging issues identified through presentations, program updates, discussions, and community engagement. The focus areas outlined below are intended to guide the Board's work during 2026 while allowing flexibility to respond to emerging issues and City Council priorities as they arise.

SUBJECT: CITY OF WEST HOLLYWOOD PUBLIC TRANSPORTATION PROGRAMS

PREPARED BY: PUBLIC WORKS DEPARTMENT  
(Tamar Fuhrer, AICP, Transportation and Mobility Manager)  
(Christian Vasquez, Transportation Program Administrator)

HUMAN SERVICE AND RENT STABILIZATION DEPARTMENT  
(Michelle Liberman, Social Services Program Administrator)  
(Isaac Arredondo, Social Services Program Administrator)  
(Amy Valdepeña, Human Services Specialist)

---

**STATEMENT ON THE SUBJECT:**

The Disabilities Advisory Board will receive an update on the City's public transportation programs: Cityline, Dial-A-Ride/TLC, The PickUp, On-Call Transportation Subsidy, and Bus Pass Subsidy. The Disabilities Advisory Board will also receive a proposal from Transportation Staff for proposed improvements to the Bus Pass Subsidy program.

**RECOMMENDATION:**

Receive presentation and provide feedback.

**BACKGROUND / ANALYSIS:**

The City of West Hollywood is committed to providing efficient, accessible, and sustainable transit options for its community members. The City's transportation programs aim to reduce traffic congestion, promote environmental sustainability, and enhance overall quality of life. A summary table of the transportation programs is provided in Attachment A.

**Cityline Local and Cityline Commuter**

Cityline is a free, fixed-route local shuttle service that connects key destinations within West Hollywood, including residential areas, commercial centers, and public facilities. Cityline operates two routes: Cityline Local and Cityline Commuter. Cityline route maps are included in Attachment B.

- **Cityline Local:** Operates with up to four vehicles, providing circulator service within

West Hollywood approximately every 30 minutes, Monday through Saturday, from 9:00 AM to 5:30 PM.

- **Cityline Commuter:** Offers a limited-stop connection between West Hollywood and the Metro B Line (formerly the Red Line) subway station at Hollywood and Highland in the City of Los Angeles. This service runs approximately every 15 minutes, Monday through Friday from 7:00 AM to 9:00 AM, and Monday through Saturday from 5:00 PM to 8:00 PM.

### **Cityline Dial-A-Ride Flex and Tender Loving Care (TLC) Services**

The Cityline Dial-A-Ride Flex and TLC services offer demand-response transportation by advance reservation and subscription for West Hollywood residents aged 62 and older, or those with a documented disability. The Dial-A-Ride Flex service provides curb-to-curb transportation, while the TLC service offers door-to-door assistance for those needing extra help getting to and from vehicles. For TLC program riders, an attendant is present on the vehicle to assist with wayfinding, groceries, mobility devices, doors, and stairs. The Dial-A-Ride Flex and TLC services operate Monday through Friday from 7:30 AM to 5:00 PM.

To participate in the Dial-A-Ride Flex and TLC services, eligible residents must first register by completing an application form available online at [weho.org/transit](http://weho.org/transit) or by calling (800) 447-2189. Once enrolled, participants can book a ride through the Cityline Flex mobile app or by calling the call center at (800) 447-2189.

### **The PickUp**

The PickUp is a free, convenient, and fun transportation option for residents and visitors during weekends and special events such as WeHo Pride weekend and Halloween Carnival. It operates approximately every 15 minutes along Santa Monica Boulevard between La Brea Avenue and Robertson Boulevard on Friday and Saturday evenings, as well as Sunday afternoons. A service map is provided in Attachment C. This service connects residents and visitors to bars, clubs, restaurants, and entertainment venues in and around the City's Rainbow District, Center City, and Eastside. In April 2025, the City Council directed staff to expand The PickUp service by adding Thursday evening service during daylight savings time. The PickUp schedule is outlined below:

- Thursdays: 8:00 p.m. to 3:00 a.m., March to October
- Fridays: 8:00 p.m. to 3:00 a.m.
- Saturdays: 8:00 p.m. to 3:00 a.m.
- Sundays: 2:00 p.m. to 10:00 p.m.

### **On-Call Transportation Subsidy Program**

The On-Call Transportation Subsidy Program is designed to complement the City's existing transportation services by offering flexible, on-demand rides for West Hollywood residents aged 62 and older, as well as residents of any age with disabilities. The program ensures access to prompt trips during evenings, weekends, and to destinations up to a 10-mile radius from the City's borders, extending beyond the reach of the City's current transit services. Available 24/7, rides can be booked through Ambiance's call center or, more recently, through Lyft integration. Participants are also able to manage their account balance, review trip history, and add funds easily through AmbianceTrips.com. The program brochure is provided in Attachment D.

First-time enrollment must be completed in person at West Hollywood City Hall. To enroll, participants are required to provide a valid photo ID, proof of residency such as a utility bill, and an initial payment by check or money order. Once enrolled, participants can conveniently add credits over the phone with a credit card directly through the program. Each month, subsidized fare credits are available for purchase at discounted rates, with \$50 in fare credits offered for \$8.00, and \$100 in fare credits for \$16.00.

Transportation is provided through both Lyft vehicles and Ambiance's ADA-accessible fleet. In addition to general trips, Ambiance offers non-emergency medical rides, helping participants get to and from healthcare appointments.

### **Bus Pass Subsidy Program**

The West Hollywood Bus Pass Subsidy Program offers monthly transit assistance to West Hollywood residents aged 62 and older, as well as residents of any age with disabilities. Participants receive \$20 in Stored Value each month at no cost, which, due to Metro's fare capping policy, is enough to cover unlimited Metro bus and rail rides for the entire month.

To be eligible, applicants must be a resident of West Hollywood and must have an active Senior/Disabled Orange TAP card. Those who do not already have a TAP card may apply online through Metro's website or in person at West Hollywood City Hall.

Program participants are able to request funds to be reloaded onto their cards through the following methods:

- In-person at City Hall during City Hall opening hours
- By phone during City Hall opening hours
- By mail
- By web form

Currently, staff is unable to see participants' fund balances, so are only alerted that additional funds are needed when a participant takes action. This can result in a delay in participants receiving new fund balances until after they try boarding a transit vehicle and realizing that they have insufficient funds. Metro has meanwhile developed a "Go TAP Program Participant Waiver" to allow participating agencies to see fund balances and add funds remotely. To date, 28 participants have opted into the waiver, and are automatically receiving additional TAP funds when their balances dip below \$10. Staff is recommending that all Bus Pass Subsidy Program participants complete the participant waiver as a condition of program participation. This will ensure that all participants have sufficient TAP card balances at all times, and can reduce staff time since fund additions could be completed in batches rather than ad hoc.

Additionally, staff is proposing developing a comprehensive Bus Pass Program enrollment package, to include the Metro application, West Hollywood application, instruction sheet, and postage-paid envelopes. This package, offered in multiple languages, would be distributed at key City and partner agency facilities, including Plummer Park, West Hollywood Library, and JFS. In doing so, staff would be able to increase enrollment for the community, rather than requiring in-person visits. Staff would also work with Metro to deploy their mobile Customer Center on a periodic basis for on-site new enrollments into Metro's program. With these additional options, the need for in-person counter service will be substantially reduced. Staff recommends offering counter service hours during pre-scheduled windows of approximately four hours per week.

**FISCAL ANALYSIS:**

The proposed changes to the Bus Pass Subsidy Program would result in a cost savings of approximately \$2,000 per year in postage and mailing. It would also save approximately 0.3 FTE of transportation staff time, which would be redeployed for other initiatives to support transportation programs for the community.

**NEXT STEPS:**

Feedback from the Transportation & Mobility Commission, Older Adult Advisory Board, and Disability Advisory Board will inform any refinements to the Bus Pass Subsidy Program proposal. The proposal will then be socialized with City Council; Council approval is not required.

Following feedback and any adjustments, staff anticipate implementing the changes in Spring 2026, with full transition completed by the end of June 2026.
